

Why Choose Carpet?

1. Carpet keeps rooms feeling warm and well-insulated.

Who wants to step barefoot onto a cold hard floor in the middle of winter? No one. Yeah, we get it Arizona doesn't really have cold, cold winters but you get my point, right?

Carpet not only feels warm to the touch, it helps keep rooms insulated, and you won't crank up the heater as much as you might with hard surface floors.

2. Because it is soft, carpeting is also safe.

Rather you have kids or elderly parents living with you carpet is a much safer option for both. Kids fall even where there is nothing in their way, and parents well they tend to lose their balance. It happens to the best of us.

3. Carpet absorbs sound and reduces noise.

Loud noises need a place to go. They reverberate off hard surfaces. Carpet is absorbent. It can help stifle these sounds and reduce other noises.

So, if you like to walk around the house while others are sleeping, your footsteps won't be heard nearly as much with carpet. In fact, your family might not be able to hear you at all.

4. There are so many choices of style, texture, and color.

Carpet comes in more options than any other type of flooring. Between colors, textures, styles, and thicknesses, the possibilities are virtually endless. Need a durable carpet for high traffic areas? There are countless varieties Walk On Me Flooring has a lot of options to choose from.

5. It is very appealing to look at.

Carpet is aesthetically appealing. It brings warmth and texture to any room. It makes people feel comfortable and cozy. It also hides dirt well, unlike hard floors. So even if your carpet needs a good cleaning, your guests probably won't be able to tell.
